

Are you a parent to a child aged between 0-4 years?

We want to talk to you!

About the research study

The Australian Centre for Behavioural Research in Diabetes is conducting a study to understand parents' views about a potential national screening program for Type 1 diabetes (T1D) in children.

You can take part if you:

- ✓ Are aged 18 years or older and live in Australia
- ✓ Are a parent to a child aged between 0 and 4
- ✓ Can read and speak in English

We want to hear from all parents - even if you haven't heard of T1D screening.

What's involved?

Answer 4 quick eligibility questions (1 minute)

Take part in a 30 minute interview (phone or video call)

Organised on a day and time that suits you

What's in it for you?

All interview participants will receive a \$50 e-gift voucher.
